Almost exactly three years since Canon changed the digital SLR market forever (with the \$1,000 EOS 300D) they announced the third generation of their affordable entry level series, the EOS 400D (Digital Rebel XT). This new camera follows the design of the EOS 350D, being very compact and relatively lightweight but not compromising on manual controls or in-use performance.

If there's one thing you can say about Sony's digital camera business, it's that they've experimented with many different concepts. From SLRs with dual autofocus systems and Translucent Mirror Technology to its NEX mirrorless line-up, Sony has gone down virtually every avenue in digital imaging. Its latest products - the Alpha 7 and Alpha 7R - may be the most exciting products to come out of ...
